You still have not answered the question.

Who on the board is handing the charter renewal?

We had been meeting with different owners. You received notice through your newsletter asking for feedback last month. All meetings are now over. I would be happy to still meet with you to hear your feedback.

Lorena,

Are you say that you are the only person that can deal with conflict of interest issues and violations of the charter?

I have brought them to your attention in the past and you have taken no interest and no action. Who is next in line to deal with this problem?

Lorena,

I would like to know who in the SPPOA would be most appropriate to report a conflict of interest of a board member to. The issues i have brought to your attention regarding the president have been dismissed by you and have not been address in any meaningful way.

I also want the contact info for someone that I can discuss my proposed changes to the BID with. Let me know who is running the committee that is responsible for the renewal process. Based on your shifty and disingenuous handing of the noise issues for the public events you have overseen, you should understand why I do not want to deal with you.
